

Keep it safe. Keep your hands on the wheel.

At Business Driver, the safety of drivers and all other road users is our top priority.

Using a mobile phone (including texting and social media) while driving or when stationary in your vehicle poses a massive risk to your safety and to all other road users.

From **1 March 2017** new penalties come into force to tackle this growing problem.

If you need to make or receive a call while driving use a hands-free phone kit and keep your hands on the wheel and the call as short as possible. Help us keep the roads safe for everybody.
