

Parking and Manoeuvring Utilising Inflatable Cars

This course increases delegates' competence and confidence by reinforcing safer parking and manoeuvring skills.

With an average 90% of fleet incidents involving vehicles attributed to slow speed manoeuvring and a significant number of drivers conceding they find parking a challenge, the need for professional training in this area is undeniable.

Business Driver provides stress free, professional training helping to significantly reduce costly and time-consuming incidents. Our Parking and Manoeuvring course employs a unique and highly acclaimed **inflatable cars system**. Highly experienced DSA registered Advanced Driver Trainers coach and reinforce safer parking and manoeuvring skills, ensuring delegates complete the course competent and confident in parking perfectly.

Business Driver have developed the course to be particularly relevant for company vehicle drivers and people who drive their own cars on company business. The course generally takes place in your company car park, and can accommodate up to 40 delegates in a day, making it efficient and cost-effective. It can also be included as part of a team building or safety exercise.

Key information:

Course duration: 1 Day, up to 40 delegates

Location: Global

Reporting: Attendance register

Road Type: Private road car park required

License Requirement: Per vehicle type used

Key coaching points include:

- ⚙️ Defensive parking strategies
- ⚙️ Reverse parking techniques
- ⚙️ Speed, approach and angle
