

# Come rain, mud, ice or snow...

...**Business Driver** are running a series of timely and useful **Specialist and Off-road Courses** designed to prepare drivers for every eventuality they might face in a range of hazardous weather conditions.

## 4WD Off-road

Negotiating extreme weather usually requires some off-road experience. Our LANTRA certified 4WD courses are the ideal preparation, ensuring every driver is fully aware of 4WD vehicle capabilities, differences to standard vans/cars and how they can be safely operated both off-road and on public highways.
